COMPUTER CLUB**

Digital Connect - Free Technology Classes for 50 and Over's

Are you 50+ and would love some help with using digital technology? Mangrove Mountain Computer Club has partnered with Central Coast Digital Connect offering free classes for you to develop your skills and knowledge in the digital world!

The digital connect program provides free workshops and a chance to learn and ask questions about using smart phones, tablets and computers in your daily life. Learn how to securely access and use the internet, use and make the most of your device and keep in touch with others online.

These classes will help you make the most of your devices and keep up to date with all the latest improvements and services

What is Digital Connect?

Digital Connect is funded through Be Connected, an Australia wide initiative empowering all Australians to thrive in a digital world. Be Connected provides online learning resources as well as a network of community partners - the Be Connected Network - who offer in-person support so you can develop your digital skills and confidence.

Students are asked to please bring along a device of their choice. This may include:

- Smartphones - iPhones & Androids
- Tablets - iPads & Androids
- Laptops - Apple & Windows

Each session will commence with a workshop followed by morning tea, and an opportunity for small group support with our team of volunteer digital mentors.

When: 4th Thursday of every month - **Next Session - February 22, 2024**

Time: 9.30am – 11.30am

Where: Mangrove Mountain Computer Club
6 Waratah Road, Mangrove Mountain

Contact: Suzanne - 0412 298 126
